90 day supply based on the most commonly prescribed dosages. A new prescription may be required to allow a 90-day supply. Some insurance plans may determine the final allowable days supply and copay. Your copay may be even lower. Quantities less than a 90 day supply will be priced at our usual and customary price, not to exceed \$9.99. All generic manufacturers may not be included. No additional discounts apply. Prescriptions must be picked up in store. Due to state laws, pricing may vary in some states. Eligible drugs and quantities are subject to change without notice. Due to state law items in bold are priced higher in PA.
