

manage my meds

synchronize your prescriptions

A trip to the pharmacy each month allows you to manage your prescriptions and reach your health goals.

You don't have to worry about refilling your prescriptions or running out of important medications.

here's how it works

- **pick a date**

Choose the date each month that is most convenient for your prescriptions to be filled. You will receive a phone call about a week before they are filled to verify any changes to your medications.

- **ready notification**

After your prescriptions are filled, we will call you to let you know they are ready for pick up.

- **free consultation**

Each month, we will be available to meet with you to discuss any questions, problems or concerns you may have about your health or medications. *We are here to help.*

ask your weis pharmacist to enroll you in Manage My Meds today!
